CHAPTER 176

SNOW TIRES DEFINED

H. F. 50

AN ACT relating to the definition of snow tires.

Be It Enacted by the General Assembly of the State of Iowa:

1 Section 1. Section three hundred twenty-one point two hundred thirty-six (321.236), subsection twelve (12), Code 1975, is amended to read as follows:

12. Designating highways or portions of highways as snow routes. When conditions of snow or ice exist on the traffic surface of a designated snow route, it is unlawful for the driver of a vehicle to impede or block traffic if the driving wheels of the vehicle are not equipped with snow tires, tire chains or a nonslip differential. "Snow tires" as used in this subsection means tires designed for use when there are conditions of snow or ice on the highways, and meeting the requirements standards which shall be promulgated by rule of the commissioner of public safety director of transportation. The standards promulgated by the director shall require that snow tires be so designed to provide adequate traction to maintain reasonable movement of the motor vehicle on highways under snow conditions.

Said rules shall be based on tests of tire tread designs and depth of

remaining tread of worn tires which will be effective in moving motor vehicles through snow of up to six inches in depth. Any person charged with impeding or blocking traffic for lack of snow tires, chains or non-slip differential shall have said charge dismissed upon a showing to the court that his motor vehicle was equipped with a nonslip differential.

Approved April 8, 1975
